To:Rahul Vishwakarma <RVishwakarma@octopyd.com>

Dear Rahul,

I trust this message finds you well. I am writing to express my heartfelt gratitude for the exceptional mentorship you provided during your time at Dell Technologies in the United States. Your guidance and encouragement played a pivotal role in my professional growth, and I am truly grateful for your support.

Your mentorship went beyond technical expertise; you broke through my shyness and instilled in me the belief that every idea, no matter how small, is worth pursuing. Our collaboration, particularly in the realm of patent mentorship, exemplified your outstanding contributions. Notably, your pivotal role in the successful filing and subsequent grant of the patent application US17/652,611, titled "Intelligent Protection of Virtual Machines by Identifying the Degree of Risk at a Granular Level," stands as a testament to your technical prowess and innovative spirit.

Your ability to motivate and inspire is truly remarkable. You helped me realize the potential of my ideas and guided me through the patent process with patience and expertise. Your encouragement not only resulted in a successful patent but also boosted my confidence and encouraged me to think creatively in all aspects of my work.

In addition to your technical acumen, your role as a motivator sets you apart. Your belief in the value of innovation and your dedication to helping others succeed make you an exceptional mentor and colleague. I am grateful for the opportunity to have worked alongside you and benefited from your guidance. It is worth acknowledging that your involvement in the patent application significantly contributed to my well-deserved promotion to the position of Distinguished Member of Technical Staff within our organization.

In light of your outstanding mentorship and dedication to fostering innovation, I am delighted to provide this letter of recommendation for your BCS Fellow application. Your ability to motivate and empower others, combined with your technical expertise, make you an ideal candidate for this recognition. I have no doubt that you will continue to inspire and make significant contributions to the field of technology.

Thank you once again for your mentorship and support. If you need any further assistance or information, please do not hesitate to reach out.

Warm regards,

Kapil Sampath
